ABOUT ME

I am a passionate Web Developer with experience in designing and building responsive websites and applications. Skilled in front-end technologies such as HTML, CSS, JavaScript, and React, I enjoy creating user-friendly interfaces and bringing ideas to life through code. My goal is to continuously improve my skills and contribute to projects that make a positive impact.

Lead Web Developer

Warner & Spencer Co.

January 2021- August 2022

- Led a team of 4 developers to deliver modern web applications.
- Designed and implemented responsive layouts using React and Bootstrap.
- Improved website performance by 30% through optimized code and SEO strategies.
- Collaborated with clients to translate business needs into functional features.

Senior Web Developer

Warner & Spencer Co.

March 2018- December 2020

- Led a team of 4 developers to deliver modern web applications.
- Designed and implemented responsive layouts using React and Bootstrap.
- Improved website performance by 30% through optimized code and SEO strategies.

Junior Developer

Warner & Spencer Co.

March 2016- December 2017

- Assisted in creating responsive websites using HTML5 and CSS3.
- Debugged and fixed issues in existing projects to improve performance.
